A great hilltop finca with 30,000 of land and panoramic views. Located in the countryside near Cerralba on a track 4 mins from the village and 20 mins from a main town. The outside of the building requires updating but structually appears sound. The inside has a small basic kitchen, 2 large lounge areas and 4 bedrooms with 2 bathrooms and is in good condition. There is a patio area to the rear with stunning valley views to the south. The land is gently sloping and ideal for growing or for keeping horses. This is a beautiful area. The property is fully fenced.
