Exceptional villa designed with the best qualities. The community where it is located is much more than that, much more than a word: BE LAGOM is a whole philosophy of life. Lagom speaks to us of everything that is 'almost perfect', in short, what is right for you: neither excessive nor limited. It is just what you need for your happiness. Enjoy its more than 5,000 m2 of green spaces made up of Mediterranean gardens with pergolas and vegetable gardens, swimming pools and terraces. A natural oasis surrounded by woods, fruit trees and flowers. Connect your essence with nature. This exceptional villa is designed with the best qualities, designed by the prestigious architecture studio González & Jacobson, who make the property a true work of art with materials that do not hide their essence, provide warmth and serve the architecture. In addition, the gardens of Be Lagom reflect Laura Pou's passion for landscaping, always in search of beauty, innovation and environmental responsibility. A WAY OF LIFE Most of Benahavís' narrow, white, typically Moorish streets lead to sunny squares, giving the village an Andalusian feel. With its golf courses nestling in the foothills of the Serranía de Ronda, it is a favourite place to enjoy nature and opulent urbanisations that have been skilfully incorporated into the surrounding natural landscape. Benahavís, which was established by the Moors under the protection of a fortress in the 10th century, is today the ideal fusion of tradition and modernity. A picturesque community with unlimited potential as a prime tourist destination. Due to its unique qualities, some of Spain's most opulent hotels and urbanisations have chosen it, making

Benahavís one of the most sought-after holiday resorts on the Costa del Sol.
