lawned and terraced areas, vegetable gardens, a mixed variety orchard and a yield generating mango plantation with 300 fruit trees. On entering the property, you will find a generous entrance area with ample storage, which moving to the right leads to the open plan living-dining room that boasts a vaulted ceiling with dining terrace access and in addition, the separate chef's kitchen and utility room. To the left of the kitchen and dining lounge, you will find a wide and lengthy hallway leading to a nicely appointed wing consisting of a cloakroom, two guest bedrooms, both with large ensuites and plentiful storage. The primary bedroom is of a generous size and is well appointed with en-suite and dressing room. Of note is the quality of the fixture and fittings used throughout the property. The heating and cooling systems provide comfort to all rooms all year round. The off grid, fully self-sufficient capabilities of this property are provided for by an exceptional state of the art water filtration system, extensive and investment grade solar panel set-up, backed by a high-quality generator. The orchards are 100% certified organic and are stocked with Mangoes, Grapes, Figs and Orange trees and numerous other fruit varieties. The solar energy and water well provide irrigation and electricity for the entire grounds at NO cost. In short, no stone has been left unturned in the enhancement and development of this stunning country villa. The villa is well placed for Mijas, La Cala, Fuengirola, Malaga Airport, Marbella and beyond. There are endless beaches and numerous golf courses within 15 mins or less and the pièce
